

ID Card Maker

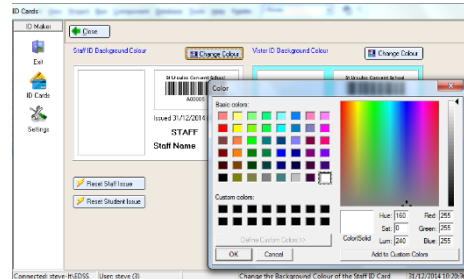

ID Card Maker

Is a program that allows you to create ID Cards for your Staff, Students and Visitors
Run the Program and will see the screen below.

Click the settings button to change the Colours for the Staff and Visitor ID cards.

Click the Change Colour above the ID Card and select the colour you want the ID Card to be, then click Ok.

From this screen you can reset everyone's Issue number back to 0, every time you print a New ID Card the issue number increases so you know how many times the ID card has been Issued.

The ID Cards will show, your Company Name, address, Post Code, Issued Date, Bar code.

On the Reverse side, a Bar code with their Database Record ID number
And your Company Name and Address

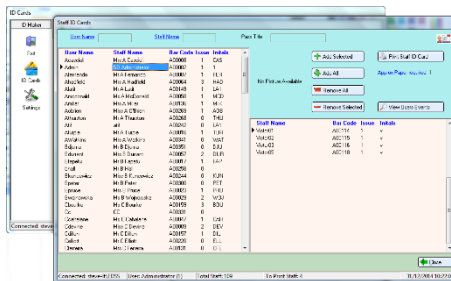

Some of the Features:

To Create an ID Card click the button "Staff ID Cards", "Student ID Cards" or "Odd ID Cards"

A screen will appear showing you the staff, Students or Visitors name with their Photos.

Select a user from the left screen and click "Add Selected" to add a single user (or double click) or click "Add All" to Add users to the right grid.

Users in the right grid will have their ID Card printed.

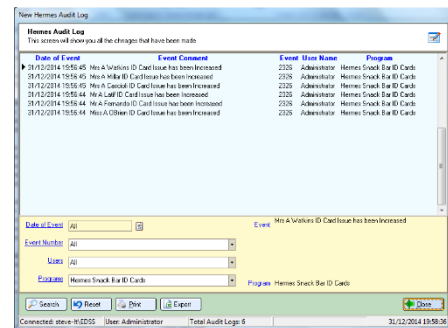

To Print their ID Cards click the "Print ID Cards", a message will appear asking if you want to increase their Issue number.

A Preview screen will appear of their ID Cards, if correct then click the Print button, all you have to do then is to trim them down and insert them into a ID pouch.

On the Add Screen there is a button called "View Users Events", click this button to see which Users have had their cards been Issued.
